

## Rob Marr – who are you?

Hopefully the pictures will tell you a bit about me from a personal point of view. I am from Yorkshire originally yet am a lifelong Liverpool FC supporter (don't hold that against me!) I live in the village of Termonfeckin, Co. Louth and am married to Tara who is from Drogheda – she has a business called The Tasty Tart ([www.thetastytart.ie](http://www.thetastytart.ie)) by the way! I love food and like to travel.

My business background is mostly in sales, marketing and business development. I have held every role possible within sales I think from door to door right up to regional manager helping run businesses T/O £20 Million pa. I have grown sales in EVERY business I have worked in.

I have been running Catalyst since 2007 just after the Celtic Tiger stopped and have grown that business every year since. We are now one of the leading Business Start Up training companies in Ireland and launching our brilliant Ten to One Guarantee this year. You will be able to grow your business guaranteed (which means risk free) using the tips, methods and ideas that have allowed us to be successful. Or you get your money back....simple as that.

If you want to know more then call, tweet or email me and we can get your business moving today.

I can also provide referees if you need them or you could just check out the feedback on the website [www.consultcatalyst.ie](http://www.consultcatalyst.ie)
